## USB 3.0 To 2.5G Ethernet Adapter with USB HUB A port

User Guide  
www.vantecusa.com

CB-U325GNA

### 1 Hardware Installation

Plug the USB Type A directly into an available USB port on your computer

### 2 Windows OS Drivers Installation

A) Once the adapter is plugged into the computer USB port, Windows Explorer will show a new drive letter. You can double-click on the drive letter to start the install or go into the drive letter root directory. Click on the setup program to install the drivers for this adapter.

B) For the LATEST updated Windows OS drivers AND for other OS drivers, please download from the [www.VantecUSA.com](http://www.VantecUSA.com) website using the product name CB-U325GNA. You can also use the QRcode to access the product page directly.

### 3 Hardware Installation (continue)

- A) Connect one end of your network cable into the RJ45 port of this 2.5G Ethernet Network Adapter.
- B) Connect the other end of the network cable into an available Ethernet port on your router or switch or any network Host device.
