

Vantec introduces its NexStar CX External Hard Drive Enclosure. Ideal for anyone in need of portable storage, the NexStar's slim pocket design makes it a convenient way to carry your data. The NexStar CX turns any SATA Hard Drive into a convenient hard drive that can be used on any system with a USB port. In addition, the aluminum casing protects the drive from overheating and vibration. The NexStar CX supports USB 1.1 and USB 2.0 to offer fast transfer speeds of up to 480 Mbps. The Vantec NexStar CX External Hard Drive Enclosure is a great for anyone who requires a high performance, lightweight, and durable portable storage solution.
