

Vantec Expands SuperSpeed USB 3.0 Product Line

Featuring SuperSpeed USB 3.0 NexStar® Hard Drive Docks in Both Black and White and the NexStar® SATA to USB 3.0 Adapter

FREMONT, California – March 1, 2010 – Vantec Thermal Technologies, a worldwide leader specializing in computer accessories announces the expansion of the SuperSpeed USB 3.0 product lineup. Featuring the NexStar SuperSpeed Hard Drive Dock, available in both black and white and the NexStar SATA to USB 3.0 Adapter.

The NexStar Hard Drive Dock gives users a quick and easy way to access their SATA hard drives. By simply sliding either a 2.5" or 3.5" into the dock, users can begin reading and writing data from the attached hard drive. On the other hand, the NexStar SATA to USB 3.0 Adapter is extremely portable and is the perfect tool for a technician to have in their bag.

SuperSpeed USB 3.0 is the next generation bus interface offering transfer speeds of up to 5Gbps (625Mbps) and is fully backwards-compatible with USB 2.0 and USB 1.1. With the advent introduction of the SuperSpeed USB 3.0 interface, Vantec has continued to update their product line with the latest technology.

Being the pioneer in the Build-Your-Own-Drive market, Vantec has continued to expand their popular NexStar lines with support for more interfaces along with the support for newer hard drives. The NexStar SuperSpeed Hard Drive Docks and NexStar SATA to USB 3.0 Adapter will be available at major retailers late March.
