

AVOX | Jukebox

movie :: music :: photo :: storage

INTRODUCTION

The AVOX Jukebox is easiest way to turn your 2.5" notebook hard drive into a portable audio/video player. With a simple to use interface, the AVOX | Jukebox can play movies, music, or a slideshow of your pictures when connected to AV inputs on any television. Also, since it utilizes high speed USB 2.0, you can get your data from your computer to your 2.5" hard drive up to 40 times faster than USB 1.1. And since it also doubles as a portable enclosure, you can store your documents, programs, or any other data on the AVOX Jukebox as well.
