## PACKAGE INCLUDES

- Driver Disc
- Enclosure Stand
- Power Adaptor
- Power Cable
- USB Cable
- Firewire (IEEE1394) Cable (NST-350UF)
- Screws & Screw Driver

## PRODUCT DESCRIPTION

With the NexStar 3.5" External Hard Drive Enclosure, you can back up your valuable data, transfer your collection of videos and songs, or even carry that important presentation with you quickly and easily. The NexStar is also an ideal way to add an extra hard drive to your system without having to open your system and deal with jumpers and cables. The NexStar also features a sturdy housing with aluminum covers to dampen noise and cool your hard drive. The NexStar supports both FireWire and USB2.0, offering speeds up to 480MBps. The NexStar 3.5" External Hard Drive Enclosure is a portable, flexible and convenient solution to any of your storage needs.
