

Page 10 of 10

An illustration of an open cardboard box, shown from a top-down perspective. The box is white with red outlines for its flaps and edges. Inside the box, on the right side, is a black power adapter (brick) and a black power cable. The cable is plugged into the adapter and extends towards the top right corner of the box. On the left side of the box, there are three horizontal black bars of varying lengths, stacked vertically, and one shorter horizontal black bar below them. These bars represent redacted information, likely a company name and address.
