Notices

1. In this driver package, it contains both the drivers for USB 3.0 host controller and UASP storage device driver.
2. Please update your VIA XHCI host controller PCIe Card with latest version of firmware which can support UASP before install this driver.
3. This UASP driver needs to work together with the “VLI USB 3.0 Speeder” utility.

Update of this Release

1. Based on V2.10A and replace the UASP client driver.
2. Replace UASP AP with revision 1.0.0.12.
3. Add workaround in setup program for following two items:
 - a. Disable performance enhancement for solving CPU utilization too high issue.
 - b. Workaround UASP client driver cat files for separate OS issue.
