• Introduction:

The Vantec EZ Swap EX Hybrid Mobile Rack provides you with dual options for using your storage. You can either dock it to your desktop or use it on the road as a removable enclosure with the latest USB 3.0 technology. This simple design makes the EZ Swap EX Hybrid Mobile Rack easy and fast to move data around with true SATA III speed or USB 3.0. It is an ideal device for your Solid State Drive (SSD) or Hard Drive (HDD).
