1.Introduction

Vantec introduces its NexStar CX 3.5" SATA External Hard Drive Enclosure. Ideal for anyone in need of storing and transferring large amounts of data, the NexStar CX is a convenient way of upgrading storage to your computer. The NexStar CX turns any internal 3.5" SATA Hard Drive into an external hard drive that can be used on any system with a USB port. In addition, the aluminum casing protects the drive from overheating and vibration. The NexStar CX features eSATA (external Serial ATA) and USB 2.0 interfaces offering speeds up to 3Gbps or 480Mbps respectively. The Vantec NexStar CX 3.5" SATA External Hard Drive Enclosure is great for anyone who requires a high performance, lightweight, and durable external storage solution.

2.System Requirements

Intel Pentium II 350 MHz Compatible or Mac G3 Processor & Greater
Microsoft Windows 98SE/ME/2000/XP/Vista or Mac OS 8.6 & Greater
USB-Equipped System
For USB 2.0/eSATA Speeds, the System Must Support USB 2.0/eSATA Specification
