• Introduction:

The NST-370A31-BK enclosure is one enclosure that will stand tall in performance. It is design with the latest GEN II USB 3.1 chipset to be very fast when linked to your SATA III HDD using the latest UASP protocol to shuttle data around in high speed. This NexStar follow the tradition of using the latest Aluminum Casing designs to protect the Hard Drive and effectively draws the heat away from the drive. Couple it with USB 3.1 technology and Type-A interface to give you an establish platform that is widely available with unsurpassed performance. This NST-370A31-BK enclosure offers good design, speed and functionality.

• Specifications:

Model:	**NST-370A31-BK**
Device Support:	**SATA I/II/III Hard Drive**
Device Size:	**3.5"**
Internal Interface:	**SATA**
External Interface:	**USB Type-B**
Interface Cable:	**USB Type-A to Type-B (Type-A is Compatible with USB 3.0 and USB 2.0)**
HD Capacity:	**Up to 6TB*** *Current shipping product supports; please check our website www.vantecusa.com for the latest updates.
Material:	**Aluminum/Plastic**
Dimension:	**191.5 x 115.4 x 32 mm**
USB Cable Length:	**914mm (36 inches)**

• System Requirements:

Microsoft Windows 7/8/8.1 (32/64 bit)
Mac OS X v10.6 and Up
USB 3.1, USB 3.0, or USB 2.0 Equipped System
For USB 3.1 Speeds, System Must Support USB 3.1 Specifications

• Package Contents:

3.5" USB 3.1 External Enclosure
USB cable
AC Adapter
Installation Guide/Screws
Enclosure Stand
